TEXAS EXOTICS HUNTING

Personal service sets Texas Exotic Hunting apart at our ranch near San Angelo, TX. Hunters are cared for from the moment they reach the ranch, through the time they harvest an animal until they leave the facility and all its luxury. With numerous different species on the ranch we can offer what no other ranch in Texas can. A selection of multiple species in one great hunt. With 20+ years of hunting experience, first class lodging, gourmet meals and a great staff, we have the elements in place for a hunt like no other.

Our service and attention to our hunters is second to none. You will get a one-on-one treatment with us. Stepping on the ranch is like stepping into Africa with Texas Exotic Hunting. African plains game is what we specialize in. We use several different hunting methods safari-style, blind and spot-and-stalk hunts can be provided.

AXIS DEER

Texas Exotic Hunting has the best Axis Deer Hunting in the world. Axis hunting takes place on our immense hunting property. You will see numerous Axis Bucks per day. Many of these axis deer will be over the 30" mark.

Axis Deer hunting is conducted by traditional spot and stalk method of hunting: Bow Hunting, Rifle Hunting, Black Powder, Safari Style Hunting and Handgun.

AOUDAD SHEEP

Aoudad sheep live in very rugged terrain. The hunter must be comfortable shooting in excess of 200 yards. Aoudad hunting is conducted by traditional spot and stalk method of hunting. This hunt is a rifle only hunt. The Aoudad will range from 28-35" in length.

BLACKBUCK ANTELOPE

Blackbuck Antelope hunts are very challenging. The hunter must be comfortable shooting in excess of 200 yards. Blackbuck hunting is conducted by traditional spot and stalk method of hunting. This hunt is rifle only. The Blackbuck Antelope will range from 18-23 inches straight line measurement in length.

ADDAX

The Addax, sometimes called the 'screw horn antelope', because of its twisted horns, is a large, desert dwelling member of the antelope family, closely related to the Oryx.

ORYX GAZELLA – THE GEMSBOK

The Gemsbok is a large antelope of striking appearance with long, spear like horns. It has a thick, horse like neck with a short mane and a compact, muscular body.

NILGAI

These animals are officially named the "nilgai" antelope and originate in India and Nepal. "Nilgai" means "blue bull" in certain East Indian dialects. They were originally introduced to the King Ranch in the 1930's by a family member who decided that South Texas was a tough environment for cattle that had evolved in a cooler climate. His search for an animal that could thrive in the South Texas climate and produce a high quality, lean meat led him to the nilgai antelope.

TRANS CASPIAN URIAL SHEEP

Texas leads the nation in sheep population topping 740,000. Our ranch is home to not only the majestic Trans Caspian Urial but also Black Hawaiian Sheep, Corsican Sheep, Texas Dall Sheep and Red Sheep. Hunters of Trophy Sheep can choose the Spot and Stalk method, Bow Hunting, Rifle Hunting, Black Powder, Safari Style Hunting, Handgun, as well as hunting from a Blind. We can accommodate hunters of any age and experience level.

SCIMITAR HORNED ORYX

Texas Exotic Hunting allows the opportunity to hunt and harvest Scimitar Horned Oryx. This animal is big and can take the brunt of a high caliber rifle. Super fun to hunt great eyesight and smell. We offer these hunts year-round for Trophy Texas Scimitar Horned Oryx Hunts. Scimitar Horned Oryx hunting is conducted by traditional spot and stalk method of hunting. Bow Hunting, Rifle Hunting, Black Powder, Safari Style Hunting and Handgun. The Scimitar Horned Oryx will range from 34 - 40 inches in length.

JACOB'S FOUR HORN RAM

Jacob's Four Horn Ram is our most unique animal on the ranch. These animals actually have four horns with two jutting out from the top of their head and two that curl around their face.

The wooly sheep makes for an interesting mount, but its fiery personality and unique appearance has also made the Jacob's Four-Horn Ram Hunt challenging.

ACCOMMODATIONS

Divided Find Ranch

The ranch is a comfortable combination of ranch decor combined with a rich Texas flair. We have created a warm relaxing environment that all hunters will enjoy. The lodges are all modern and comfortable. Each lodge has its own decor and feel. Our chef prepares every dish with care to ensure our customers enjoy the best dining experience possible. Casual, everyday style food made from fresh, natural ingredients.

We have a custom-built dining hall with a full sports bar. Hunt during the day and enjoy socializing in the evening. We also have a fire pit where you can swap stories and enjoy West Texas hospitality in front of a roaring fire.

REVIEWS

Great experience and a great time. Everyone was very good to be around and were very welcoming. The hunt was really fun and the lodge experience was perfect. Chef's food was top notch, the guides were great and they all showed us the ins and outs of the hunt and got us prepared. I would recommend anyone do this - the experience was awesome. Thanks again!

The team is the best of the best. Great accommodations, excellent food and phenomenal hunting. Their focus on service and expertise in hunting make for an exceptional hunting experience. We look forward to planning another hunt soon!

Unbelievable, this is first rate hunting with the best guides. You will absolutely not be disappointed. The staff is amazing and could not do more to take care of us and make us feel at home. The moment you take off to go on the hunt, you will know it is worth every dollar. We are going back to do it again.

Great experience, period. I was looking for a well-priced hunt without lots of bells and whistles and this was it! (Although they can really roll out the red carpet if you want.) Our guide delivered the perfect level of introduction to what we were going to be doing by making the instruction simple and clear. The hunt was a little slow finding the game, (remember guys it's still hunting) but once we found targets (and we found MANY) things got exciting really quick!
